**NOTES:**

# PAYMENT, FINANCING & FUNDING OPTIONS

We are proud to offer various payment, funding and financing options to our clients.

## PAYMENT

Unless specified, payment is due within **30 days** of signing the Funeral Service Contract. Payment may be made by using cash, cheque or electronic funds transfer. Payment plans are also available to meet the needs of most budgets. Beyond the alloted time, interest will be calculated at a rate of 11/2 % per month (18% per annum)

## FINANCING

Please speak with your Funeral Director about this option. Post dated cheques, cash, or electronic funds transfer can be set up to suit your budget.

## FUNDING

For your convenience, we offer two funding options when prepaying for services or supplies. When prepaying, you pay for the services and supplies today and the money will be used to pay for the services and supplies when they are delivered at the time of death.

**Trust-** You may pay the money directly to us and we will place it in trust, where it will accrue interest until the contract is fulfilled (when services and supplies are delivered) or the contract is cancelled.

**Insurance**- You may purchase an insurance contract where the proceeds of the insurance contract will be used to pay for services and supplies at the time they are delivered and / or the contract is cancelled.

## Guarantee

When paid in full accordance with the payment terms set out in the prepaid contract, the prepaid contract is gauranteed. The total payment(s) made plus interest /growth will be applied to the future price of the services and supplies. If the total payment(s) plus interest/growth earned are insufficient to cover the total future price of the prepaid services and supplies, we will absorb the difference as a loss.

Any funds in excess of the future price of the prepaid services and supplies will be returned or applied towards additional services, supplies or disbursements purchased at the time of need. Conditions apply.

Any changes to the prepaid contract may result in the prepaid contract being null and void and a new contract being executed with current pricing at the time changes are made.

Additional information is available upon request.
